## **Introduction**

Our organization provides turnkey solutions for renewable energy and indigenous energy projects. Our experts specialize in Grid-tie and Off-grid solar power plants designing and installations. The company was incorporated in Pune and has served many private organizations and a few government projects across the nation.

- We are an organisation working in solar energy turnkey and EPC projects and have worked with various private as well as government sector enterprises till date.
- We have served a number of clients who are extremely satisfied with our service. Our head person Mr. Harshal Kondhare is an extremely visionary leader who has pursued Master's degree in Solar Energy from the UK. He also has an industrial experience in the same field for over 2 years in the UK and since then working in India as a consultant for many firms.
- We have worked with various reputed industrial clients including Sandvik Asia Pvt Ltd, Spicer India Ltd, Harman International to name a few.
- We work as system integrator and channel partner of companies such as Polycab solar, sukam solar, Navitas solar etc.

## Tie-ups

We have been working on various government projects from 2016 and we are registered bidder for Mahaetender online tendering system for State government of Maharashtra as well as various private sector companies. We are also vendors of leading Industries such as Candi Solar, Sandvik Asia, Spicer India, Harman International, Accurate Industrial Controls Pvt Ltd to name a few.

## Our Team

We have an expert team of experienced and dynamic personnel with a young and talented leader Mr. Harshal Kondhare who has pursued his master's degree in Renewable Energy, London, UK with an Industrial experience of 2 years in the same field.

### Company Team

Director

Admin staff (2 Accountants and 1 HR)

Field staff - (2 site engineers, 1 site supervisor, 2 skilled electricians and 6 unskilled workers.

## Our Values :

- ❖ Innovation
- ❖ Customer Satisfaction and Deliver Exceptional Service
- ❖ Energizing a Sustainable World
- ❖ Operate With Excellence

## **Our Mission :**

Our goal is to become the leading consulting firm Renewable Energy Sector by giving our client timely superior quality service and help them earn the due profit. And help our country to achieve sustainable energy future and to protect the planet earth now and for generation to come

## **Why choose us?**

- ❖ **Over 2 MW of cumulative installation experience**
- ❖ In house design & infrastructure & Technical Expertise
- ❖ One point contact responsibility
- ❖ **Experienced Liaoning team well aware of process and people to acquire permits for timely completion of projects across India.**
- ❖ With Significant collaborations, technical know-how support makes us the most preferred power solutions provider to our customers

## Engineering Procurement Construction Process flow

### A – Process Flow for Solar Project Execution.

With an experienced project management team, we at Glaring Evolution Technologies follow a very professional and a systematic approach to all our solar projects.

<b>OUR PROCESS FOR SOLAR PROJECT EXECUTION</b>	
<b>Load Assessment</b>	Load Assessment for light loads and heavy loads of the building or industry in order to calculate the system capacity required.
<b>Prefeasibility Study</b>	Prefeasibility Study of the available area to analyze system capacity possible and testing structure and climatic parameters for stability to support the module load, shading and grid accessibility connectivity.
<b>Vendor Finalization</b>	Vendor Finalization for equipment's required all through the project along with qualified civil and electrical contractors.
<b>Project Planning</b>	Project Planning including preparation of detailed engineering drawings, project execution plant, system sizing and plant lay out.
<b>Delivery of Equipment</b>	Delivery of Equipment to project site after comprehensive testing done based on random sampling to ensure quality and consistency.
<b>Installation and Commissioning</b>	Installation and Commissioning of the plant's mounting structure, modules and other electrical equipment's. This also covers the deployment of necessary monitoring system. Conducting test run and final handing over is done further to this.

## B – Engineering

We have a team of skilled and experienced engineers with design experience of more than 2 MW of solar projects.

ENGINEERING	
Electrical Direct Current ( Pre Inverter)	
<b>Plot Plan Layout</b>	Shadow losses can be significant depending on distance between modules
<b>Module Series &amp; Parallel Combination</b>	Can lead to cost overrun in case of oversizing & electrical hazards in case undersized
<b>String Combiner Box</b>	Bus bar size is critical to the safety of equipment and enough redundancy ensures higher equipment uptime
<b>Cable Sizing</b>	Increases cost and losses if inappropriately sized
<b>Inverter</b>	Depending on Technology rated voltage might significantly differ from running voltage

## List of Projects

- Given below the list of our personal as well as JV and EPC projects done till date.

<b>Solar Roof Top Power Generation System Installations</b>				
Sr. No.	Client Name	Location	Place	System
1	Aero Village	Kokan	Raigad	100KW
2	Ameya Corrosion Solutions	Chimbali	Pune	200KW
3	Uttaranchal Oxygen Pvt Ltd	Uttarakhand	Uttarakhand	830KW
4	Accurate Industrial Controls Pvt Ltd	Mumbai	Mumbai	75KW
5	Vishwa Jagriti Mission trust	Kondhwa	Pune	70KW
6	Gulmohor Resort	Panshet	Pune	45KW
7	Onella Bungalow	Salisbury park	Pune	40KW
8	Clover Builders	SopanBaug	Pune	30KW
9	Ansec HR Services Pvt Ltd	Yerawada	Pune	50KW
10	Accuramech Industria Engineering Pvt Ltd	Kharadi	Pune	35KW
11	Vyas Builders Asawari	Kothrud	Pune	10Kw
12	VSR Realty LLP	Lullanagar	Pune	5KW
13	Nandu Bhavan	MarketYard	Pune	25KW
14	Anil Vitekar Sir	Kothrud	Pune	20Kw
15	Lokseva Pratishtan	Pashan	Pune	50KW
16	Kool Homes	Kondhawa	Pune	25KW
17	Airtel Nxtra Data	Hinjawadi	Pune	50KW
18	Vyas Buildcon Alankapurishree	Kothrud	Pune	20KW
19	Sarde House	Aundh	Pune	10KW
20	Skilight Solutions	Karad	Karad	30KW
21	Clover Hills	NIBM	Pune	10KW
22	Suresh Yenpure	Sahkarnagar	Pune	5KW
23	Vidyut Yenpure	Sahkarnagar	Pune	6KW
24	Hanumant Kondhare	Karvenagar	Pune	5KW
25	Mr Karne	Kothrud	Pune	5KW
26	Bharat Choudhari	PCMC	Pune	5KW
27	Ravindra Poman	Rahatni	Pune	5Kw
28	Mr Pangarkar	Urawade	Pune	5Kw
29	Mr Vishnu Sutar	Karvenagar	Pune	5Kw
30	Mr Advait Joshi	Sahkarnagar	Pune	5Kw

## Heavy Duty Solar Water Heater Projects

Sr. No.	Client Name	Location	Place	LPD
1	M/s Calyx Majestique Properties	Pirangut	Pune	9600 LPD (ETC)
